

Title: Continuous Cooling Curve Diagrams of Isotactic-Polypropylene/Polyethylene Blends: Mutual Nucleating Effects under Fast Cooling Conditions

Main Author:

Name: Dario Cavallo
Organization: Dipartimento di Chimica e Chimica Industriale, Università degli studi di Genova, via Dodecaneso 31, 16146 Genova
Country: Italy

Co-Authors:

Co-author 1: Enrico Carmeli
Organization: Borealis Polyolefine GmbH, Innovation Headquarters, St. Peterstrasse 25, 4021 Linz
Country: Austria
Co-author 2: Gottfried Kandioller
Organization: Borealis Polyolefine GmbH, Innovation Headquarters, St. Peterstrasse 25, 4021 Linz
Country: Austria
Co-author 3: Markus Gahleitner
Organization: Borealis Polyolefine GmbH, Innovation Headquarters, St. Peterstrasse 25, 4021 Linz
Country: Austria
Co-author 4: Alejandro J. Müller
Organization: Borealis Polyolefine GmbH, Innovation Headquarters, St. Peterstrasse 25, 4021 Linz
Country: Spain
Co-author 5: Davide Tranchida
Organization: Borealis Polyolefine GmbH, Innovation Headquarters, St. Peterstrasse 25, 4021 Linz
Country: Austria
